A CME ACTIVITY:

Statement of Need: Physicians, practitioners, medical educators and public health specialists should be updated on ethical issues related to medical practice, public health, health policy, and medical education.

Target Audience: Physicians, researchers, fellows and residents, nurses and other allied health professionals who specialize in medical education, medical ethics, clinical research, local and global public health, and health care policy

Course Objectives: WCME CME Activities are intended to lead to improve patient care and safety. By the end of this series, in light of basic themes in 20th century philosophy, participants will be able to: Discuss and evaluate the impact of modern technology on human life, both collectively and individually. Summarize some of the problems in establishing a philosophical basis for normative ethics and the implications for bioethics. Evaluate the possibility of reframing traditional philosophical “quests” for ultimate truths into viable practical and responsible strategies for ethical decision making

CME Accreditation: Weill Cornell Medical College is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. Weill Cornell Medical College designates this educational activity for a maximum of 1.5 AMA PRA Category 1 Credit™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Faculty Disclosure: It is the policy of Weill Cornell Medical College to adhere to ACCME Essential Areas, Policies, and Standards for Commercial Support and content validation in order to ensure fair balance, independence, objectivity, and scientific rigor in all its sponsored programs. All faculty participating in sponsored programs are expected to disclose to the audience any potential, apparent, or real conflict of interest related to their contribution to the activity, and any discussions of off-label or investigational uses of any commercial products or devices not yet approved in the United States. WCMC CME activities are intended to be evidence-based and free of commercial bias. If you feel this is not the case, please call the Office of Continuing Medical Education at 212-746-2631 to anonymously express any concerns.

The Course Director, Dr. Joseph Fins, and the Planning Committee: Co-Directors and Seminar Facilitators, Dr. Inmaculada de Melo-Martin and Dr. Wayne Shelton, and Cathleen Acres and Kerrine Carter, have nothing to disclose.

WCMC does not accept industry support for any regularly scheduled conferences. Any exceptions to this are approved by the CME Committee, and will be disclosed prior to this presentation.

WCMC is accessible for individuals with disabilities or special needs. Participants with special needs are requested to contact the Office of CME at 212-746-2631.

Evaluations for Regularly Scheduled Conferences (RSCs) are conducted periodically throughout the year. If you have questions or concerns regarding the content or presentation of this session (including any apparent conflict of interest, please contact Maritza Montalvo at 646-962-8005.
